

## Have you heard about the new health insurance opportunity?

### High Deductible Health Plans w/ Health Savings Account (HSA) or Consumer Driven Health Plans

There will be an open enrollment period during the month of December. During this time, you **may choose** to stay on **the current plan** or you may choose to switch to the **new plan (HSA)**. If you choose to stay on the current plan, you will need to do nothing and everything remains as it currently is. If you choose to switch, you will need to complete new paper work.

It is important that you take the time to educate yourself about the new plan (HSA) if you are making this choice as it is very different than your current plan. The Payroll and Benefits Department has put out a mailing that describes this new plan. For more information and understanding, please make a point of attending one of the informational meetings before making your decision.

## Informational Meetings

### High Deductible Health Plans w/ Health Savings Accounts (HSA)
